RECEIVED

DIV. OF OIL, GAS & MINING

RE: Notice of Appearance of Counsel for Robert Schonlau, Nancy Schonlau, and Resource Associates, LLC, regarding proposed Bruin Point Mine UDOGM No. M/007/0040 located in unincorporated Carbon County, Utah, approximately five miles northeast of Sunnyside Township with portions of the proposed mining operation located in Section 2, 3, and 10 of Township 14 South, Range 14 West, Salt Lake Base and Meridian (SLBM)

Dear Mr. Baza:

I am writing to notify you the law firm of Anderson & Karrenberg represents Robert Schonlau, Nancy Schonlau, and Resource Associates, LLC, and to respectfully request that all further notices, documents, pleadings, papers and other communications intended for these parties and/or filed in this matter should also be served upon counsel at the address noted above.

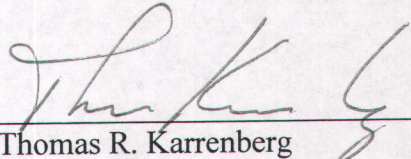

As you are already aware, the Schonlaus and Research Associates, LLC, share many of the same concerns the Division of Oil, Gas and Mining has regarding the permitting of the proposed Bruin Point Mine (No. M/007/0040) by American Sands Energy Corp. and Green River Resources, Inc. Specifically, as majority owners, the Schonlaus and Research Associates, LLC, are extremely concerned regarding their ownership rights and interests and would categorically object to permitting this mine as it is currently being proposed.

Because there has been no communication from either American Sands Energy Corp. or Green River Resources, Inc. with the Schonlaus or Resource Associates, LLC, the Schonlaus and Resource Associates, LLC, respectfully ask the Division to fully communicate with them through their chosen counsel at this time.
